EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Woods on March 18, 2005.

1. The application has been amended as follows:

IN THE SPECIFICATION

On page 1, line 21, added --10/643,108-- in the blank space,

On page 1, line 22, added --10/642,886-- in the blank space,

On page 3, line 8, added --10/642,886-- in the blank space,

On page 15, line 9, added --10/642,886-- in the blank space.

2. IN THE DRAWINGS

In order to avoid abandonment of the application, applicant must submit formal drawings. Figures 1-3 are not clear enough to read because of shades. Applicant is requested to take appropriate action to facilitate clarity when submitting formal drawings.

Reasons for Allowance

3. Claims 1-6 are allowed over prior art of record.

The following is an examiner's statement of reasons for allowance:

The instant invention relates to multi-carrier modulation techniques such as OFDM transmission with BPSK and QPSK. The prior art of record, Fullerton et al. (US 6,031,862) and Walton et al. (US 2004/0081131 A1) fails to disclose unique method steps of "obtaining a third signal from a received second signal wherein obtaining each of an initial portion and a tail portion of the third signal comprises adding together at least a portion of each of an initial portion and a tail portion of the second signal (claims 1, 3 and 5), obtaining a second signal involves halving values of an initial portion and a tail portion of a first signal and adding zeros following the tail portion (claim 3)".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Afsar M Qureshi whose telephone number is (571) 272 3178. If attempts to reach the examiner by telephone are unsuccessful, the examiner's
